SUMMER INTERNSHIP / WORK EXPERIENCE**Metallurgy Fest, NIT Jamshedpur****Jan 2023 - Jan 2023**

Technica'23 is the Metallurgy Fest for NIT Jamshedpur, where I Participated in different events like Industrial Problem Solving events, and PPT presentations on Metallurgy-related topics and I gain lots of experience here. And I also visited National Metallurgical Laboratory(NLM) and learns many things there.

Campus Ambassador, Careers 360**Dec 2022 - Feb 2023**

I am working as Campus Ambassador for 2 months at Careers360 where I encourage college students to review their college.

PROJECTS**Weather Website - Front-End Web Development****May 2023 - Aug 2023**

I have created a Weather website, and on this website, the weather of different locations of India is shown and also the weather of top cities of the world is also shown. In this website, I use HTML, CSS, Bootstrap, Weather API, and Javascript.

Time Clock - Front-End Web Development**Apr 2023 - Apr 2023**

I made a Time Clock using HTML, CSS, and Javascript.

ShopNow - WordPress**Apr 2023 - Present**

I made a shopping Website and that website name is ShopNow using Wordpress.

Portfolio - Front-End Web Development**Jan 2023 - Present**

I create my own Portfolio website using HTML and CSS.

Perovskite - Metallurgy Domain**Sep 2022 - Nov 2022**

I have worked on **Perovskite**, and learned a lot, what is this Perovskite site actually, and why hasn't come to the world yet? I learned all these things during my department project.

Under the Surveillance of Dr. Avishek Kumar[Visiting Faculty of Metallurgy and Materials Engineering]
